IRONHACK Barcelona

2015 - 2016
Private firefighter
Escola d'emergencies de Catalunya Botarell

LANGUAGES

- Spanish
- Catalan
- English
- Greek

ABOUT ME

I identify as a naturally curious individual and thrive on being self-taught when circumstances demand it. My experience as a firefighter taught me the importance of patience, problem-solving, and teamwork. These qualities, crucial in firefighting, seamlessly translate into the world of coding, where collaboration with fellow developers, designers, and project managers is essential for delivering high-quality solutions.
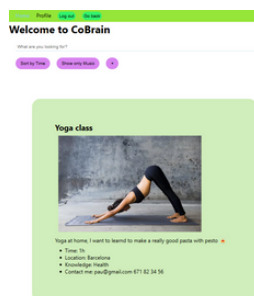

EXPERIENCE / PROJECTS

CoBrain | Frontend & Backend | Slides — 2023

Social network that consists of the exchange of knowledge for time. A sustainable way, if possible a more united society or neighborhood, without a monetary intervention.
Meet, share and coexist.

Currently, I continue to improve on this project.
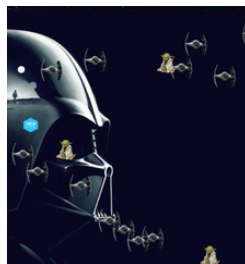

MyTone | GitHub | Slides — 2023

MyTone is a social network for guitarists and bassists (expandable into any collectible or hobby object) where you can share your instruments and interact with other users and their equipment.

Collaborative project:
Miquel Martí

The Force | GitHub | Slides — 2022

A video game set in Star Wars. The essence in it consists of the ethics and morality of violence that we are taught from childhood.

Awareness, change and improve.

"The greatest victory is that which requires no battle"
Sun Tzu, The Art of War

Private Firefighter at Nissan Automotive Factory — 2018 - 2021

I played a crucial role in ensuring the safety and well-being of both personnel and assets within the manufacturing facility. My responsibilities extended beyond traditional firefighting duties, encompassing a diverse range of tasks aimed at preemptive risk mitigation and emergency response.

SKILLS

HTML | JavaScript | CSS | TypeScript | Bootstrap | Postman | Node.Js | MongoDB | Express.Js | Django

React | Angular | Handlebars | Python | Trello | Cypress | GitHub | Linux | Git | Yasmine
